When the Massachusetts returns showed a big republican majority some of the democrats at the Columbia Club headquarters gave ironical eneers for Protter. Wherever returns were received there were large crowds assembled. In front of the Post building, where the figures were displayed, about a thousand people were assembled. PETITIONS TO THE INTERSTATE COMMERCE COMMIS The Interstate Commerce Commission has jus eceived a large number of protests from business irms, chiefly in the Middle and Northwestern States, against granting the petitions of F. Thurber and others, representing the New York
Board of Trade and Transportation, and Thomas
L. Greene, manager of the Merchants' Freight Bureau, who desire that car-load lots of merchandise
be charged for at the rates which are charged on
smaller lots. The position of the protestants is
stated in a petition from Milwaukee, signed by
forty business firms of that city, as follows:

"The present classification was, in our opinion,
made after long usage and proper consideration of
the various business interests concerned, and is
just and fair and not inconsistent with public polley. A difference between car-load lots and less

than car-load lots is founded in mercantile usage and justice, and we respectfully protest against that principle being interfered with. All classes of trade and manufactures are conducted by distinguishing between retail and wholesale prices, and we cannot suppose that your honorable board is prepared to condemn, as against public policy, a rule recognized and acted upon by the whole mercantile and business community when it is practiced by the railways in dealing with the same merchants."

The hearing of arguments upon the questions involved in these petitions and protests will take place December 18. The Army Paymasters.

Paymaster-General Rochester, in his annual reeipts of the pay department during the year amounted to \$15,887,385.63, and the disbursements \$14,230,356.86. The increase in the amount
disbursed is due to the large amount paid in the
settlement of claims of soldiers for back pay and
bounty. If it is deemed to be in the interest of the
service that the system of monthly payments be
extended to the entire Army the Paymaster-General recommends that the act of July 5, 1884, be
so amended as to limit the number of paymasters
to forty, the number now in the department,
and that the proviso of the act be so amended that
hereafter any paymaster of the rank of major who
has served twenty years in the Army as a commissioned officer shall, upon his own application or
by direction of the President, be retired. This legislation, if obtained, the Paymaster-General thinks,
will place on the retired list four officers whose
applications for retirement are pending in the War
Department, and will give in their places four active officers, and arrest any further depletion of
the available forces. With the Department thus
strengthened, it will be possible to pay the chire
Army as now stationed at leat once a month. In
regard to paymasters' accounts, the report says
that among the charges raised by the Second Controiler against several pay officers, items of disbursments are found which were paid by order of
the Secretary of War. Such disallowance works
great hardship to the disbursing officer, as on the
one hand he is confronted with the charge of disobedience of orders, and on the other with assuming a liability for which he will be held pecuniarily
responsible. The Paymaster-General thinks that
no officer should be answerable for the same action
to two independent superiors, and, therefore, to two independent superiors, and, therefore, urges that the legislation necessary to define the powers of the War and Treasury Departments in

TALK AT THE WHITE HOUSE. Satisfaction at the Result in New

York. CONGRATULATORY TELEGRAMS TO THE PRESIDENT-WHAT COL. LAMONT AND REPRESENTATIVE CRAIN

There is every evidence at the White House satisfaction at the result of the election in New York. They have very little to say, but are evidently delighted. The President has received numerous congratulatory dispatches, and he saw several callers to-day. Senators Cockrell, Vest, and Breckenridge called and all congratulated the President, themselves and the party in general no commen s on the result to make public. COL. LAMONT WAS WELL PLEASED,

but did not care to talk much for publication. He heans can hope to carry New York now. They had many things to their advantage in this contest, and if they were ever going to carry the State they should have done so this time. They have won nothing since the Presidential election, and I don't

JUBILANT DEMOCRATS. Exultant Over the Result in New York. SENATOR VOORHRES AND OTHERS CALL ON THE PRESI-DENT-WHAT THAT SENATOR SAYS-THE ELECTION

The democrats are more than jubilant to-day. All of them wore broad grins that indicate their politics. A prominent democratic senator who called on the President this morning to congratulate him on the result, said to a STAR reporter Cleveland feels good all over. He cannot express ais gratification."

SENATOR VOORHERS ENTHUSIASTIC. Senator Voorhees was found by a STAR reporter at the Jefferson Club. He said, "It's glorious, glorious. The result of these elections means the continued ascendency of the democratic party for the next twenty-five, and perhaps lifty years. And it means the renomination of Cleveland unanimously and his triumphant election. It also settles Blaine. He will not be a candidate next year, for he is shrewd enough to see that no republican can be elected. But down in my very near," remarked the Senator, "I feel good over old Virginm. And I feit a deep interest in Col. Fellows. The fight made against him was vile. Fenows is a brimant man, who takes no heed of money at all. You know," said Senator Voorhees, "that I made speeches in New York prior to the election and I had an opportunity to see how the people feit. I tell you

CLEVELAND HAS A STRONG HOLD upon the popular regard. Why, every mention of his name on the stump brought forth the heartlest applause, and the cheers showed that the democ racy admired him."

"Was the administration made prominent in the New York fight, Senator?" asked THE STAR reporter.
"certainly it was. Gov. Hill himself pushed it to
the front, and the issue of an indorsement of President Cleveland was made prominent. There is no
question about it. Unless something of an entirely inexpected nature shall arise there can be no doubt that Cleveland will carry New York next year. Everybody seems to recognize that."

WHY THE GEORGE VOTE PELL OFF. "I anticipated a falling off in the George vote." continued the Senator. "Tom Grady, who, you know, opposed Cleveland, told me two nights beknow, opposed Cleveland, told me two nights before the election that the Irish democrats would
desert George, and the result proves that he was
right. Grady is a high layman in the Catholic
Cuurch, and he told me that the church had had
enough of McGlynn and George; that it had decided that its members should not longer indorse
the wild notions of George and follow an apostate
priest. You see, the democrats who went with
George last year returned to their party. George
is now dead. Any leader in politics who loses half
his vote in one year is documed." SENATORS VEST AND PUGH

their congratulations. He received all the kindly expressions in a hearty, cordial manner, and when expressions in a nearty, cordial manner, and when the suggestion was made that he was good for another term; he made no response beyond expressing his gratification at the result.

Representative Crain and Senator Vest encountered Senator Voorhees, who, after a cordial handshaking, said, jovially: "I don't know that I ought to recognize you gentlemen. You have been out speaking in Ohio, but I," said the Senator, straightening himself up. "canvassed New York" compare the results," "canvassed New York. Compare the results,"
"Never mind," responded Crain, "we can all rejoice over the result in New York."
"Yes," said Senator Voorhees, "when I called on the President this morning I told him that I was from New York." "AS GOOD AS SETTLED."

ntative Crain said to a STAR reporter speaking of the elections: "It means Cleveland for another term, nothing can beat him if he lives." "And," he added, "if he does live the election next year is almost as good as settled."

Senator Vest coincided in that opinion. He said that Cleveland will be renominated unanimously and elected. and elected.
Senator Pugh, of Alabama, was delighted at the result. He thought that the vote in New York York shows that the democrats are united and earnest, and that nothing can defeat them. The nomination of a son of the late Gen. Grant, he said, was an appeal to sentiment, and his defeat showed that the democrats are not to be carried away from their party and principles.

"DEMOCRATIC RULE FOR PIPTY YEARS." First Auditor Chenowith, of the Treasury, declared to a STAR reporter that he had never been so happy. "It means," he said, "democratic rule in this country for the next fifty years."

Assistant Secretary Maynard has just returned that he thought the effect of the democratic viccomination and election of Mr. Cleveland. "I felt | tory must be apparent to everybody. "If we (the democrats) had been beaten Mr. Cleveland could not have been renominated, and the chances of that the side issues like the labor movement were not have been renominated, and the chances of success for the party in '88 would have been very doubtful. THE PERMANENT IMPROVEMENTS cost of these buildings will be \$225,308.47, and will include an extensive steam heating and cooking apparatus to cost \$82,347. The governor in his report, Gen. Sheridan says, makes particular mention of MEANS CLEVELAND'S RE-NOMINATION AND RE-ELEC-

THE PINANCIAL OUTLOOK FOR THE HOME, maintaining the Home at a maximum average of \$125,000, and the ordinary average expenses at \$200,000 per annum, showing that \$75,000 per annum must be drawn from the capital rund so long as the present conditions continue. He calls attention to the fact that extensions and expensive tention to the fact that extensions and expensive repairs which must be made in the future will increase this drain, and, in time, be disastrous. He suggests as a remedy for this embarrassment that Congress be asked to provide by law for the payment of interest to the Home from July 1, 1880, upon all accounts from which money was due the Home prior to that date, and that interest be allowed from maturity upon amounts certified from accounts made since that date. The Treasury Department is now setting accounts in favor of the Home, covering the period from April 12, 1861, to December 31, 1880, and large amounts are found to be due for the perior of large amounts are found to be due for the period of the War of the Rebeilion. To accept interest upon these amounts only from July 1, 1880, would be a great concession on the part of the Home which has been deprived of the principal for so many

PENSIONS FOR THE INMATES OF THE HOME. The governor also dwells upon the subject of says, and sets forth the evils which arise from the operation of the law, which gives the inmate his pension, though the Home supplies all his wants. The governor recommends that inmates who have less than ten years' Army service be required to surrender their pensions to the Home while they remain in it and receive its benefits; those who have from ten to fifteen years of service to surrender two-thirds of their pensions; those who have from fifteen to twenty years' service to surrender one-third of their pensions, while men of twenty years' service or more be permitted to retain their pensions. The commissioners will be glad, the report says, to receive any modification of a law which is the cause of more difficulty in the management of the Home than all other influences combined.

In the Criminal Court this afternoon, Messrs, lere Wilson and Jeff Chandler appeared and calle attention to the case of G. A. Whitaker, indicted for presenting false vouchers to the Naval Bureau of Medicine. The latter stated that the case had been set for the 14th inst., but since then a case of importance, in which he was counsel, had been fixed for trial at Little Rock, Ark., on the 17th inst., and it would take about a week. He therefore set of a postponement. The district atterpersers

Election Night.—The election returns made the streets lively for some hours last night, but there was not the slightest disorder. Many of the leading democrats of this section—Hon. John S. Barbour, Hon. Eppa Hunton, State Auditor Mayre, ex-Secretary Shepherd, Barbour Thompson, and many others—gathered at the democratic committee room. The republicans had the Reform Club rooms as headquarters, and the Hon. Lewis McKenzie, Hon. D. R. Windsor, Chairman Dearborn, and a large crowd, mostly colored people, gathered there. The Opera House was also open for a democratic assemblage, but there were no speakers, and after some announcements of election returns the crowd dwindled away, leaving not more than a score of persons in the hall. When the count was made it was found that Mr. I. W. Coroits, republican, had carried the upper wards, and Judge Stuart the two down-town ones, and that Stuart's town majority was only 24, when in 1886 it had been 576. This was a surprise to the democrata, and when the whole county was heard from and it was found that Corbitt was elected by about 220, when Stuart had been elected in 1885 by 543, the republicans became quite jubilant, and made several bondres in honor of their victory.

CIRCUTT COURT.—The State Circuit Court for Alexandria County, Judge Kelth, began its session this morning, at the Columbus street court house. Its business consists of civil cases. A decision in the Sharpshin alley case is expected during the term.

ALBANY, Nov. 9 .- Albany returns show that Cook, democrat, has besten Col. Fred Grant for secretary of State by about 13,000. The other canlidates on the democratic State ticket have won reach 70,000. Gen. Charles Tracy, democrat, made a phenomenal run for Congress in this dis-trict, winning by about 2,500 majority, while the head of the democratic State ticket gets 2,000 in the county. The republican county treasurer is elected by 500, and the election of Russell, republican, for State senator is claimed by 30. The Issue on Congress was straight on revenue reform. The republicans have 20 out of 32 senators, and 71 out of 128 assemblymen.

OHIO. The Labor Leaders in Cincinnati Die couraged at the Result,

CINCINNATI, Nov. 9.- The complete footings for familton County are not yet made, but enough is shown to make it clear that the republican plu rality will be about 10,000. The united labor leaders are disappointed and despondent. They were confident that they would elect their legislative ticket, but when the returns showed leases in their strongest wards they quickly gave up all as lost. One of the leaders says there is no chance for a labor party here. A victory was receded to as lost. One of the leaders says there is no chance for a labor party here. A victory was needed to hold the men together, but now it will be useless to attempt to elect a ticket in Hamilton County. The evidences of a combination are seen in the figures of the governor's vote and that of the legislative ticket. The union isbor legislative ticket. The union isbor legislative ticket in Cincinnati is from two to three thousand greater than for its governor, while the democratic vote for governor is about four thousand greater than for its legislative ticket. Governor Foraker's vote is from six hundred to one thousand below the vote on the republican legislative ticket.

THE REPUBLICANS SURPRISED vote was 64,811, which is over 5,000 less than in October, 1885, and nearly eight thousand less than the Presidential vote in 1884. It was an election of surprises. The republicans were confident of victory, but they really did not anticipate such an overwhelming victory. The fact that Foraker leads Powell in this county by nearly 7,000 votes in spite of the trade between the democrats and the union labor men speaks volumes. The union labor party, instead of closely pressing the republicans, or deteating them as predicted, lags from 15,000 to 19,000 behind them, and on an average 5,000 behind the democrats. This is the end of 5,000 behind the democrats. This is the end

Democratic Gain on the State Ticket of 10,000 as Compared with 1885. PHILADELPHIA, Nov. 9 .- Estimates from all counties in Pennsylvania show a plurality of between 33,000 and 34,000 for Hart, republican, for State treasurer, a democratic gain of about 10,000 as compared with the vote for State treasurer in 1886 and that for governor last year.

Returns by counties show the following totals in the State: Hart, republican, 61,912; McGrann, democrat, 28,115; Hart's plurality, 33,797. These returns show a democratic gain of 18,460 and a republican gain of 8,085.

in Excess of that of 1886. Boston, Nov. 9,-Returns from all the cities and towns in the State show that 265,000 votes were cast yesterday, of about 56,000 more than in 1885 and 22,000 in excess of last year's vote. The vote is divided as follows: Ames, rep., 135,912; Lovering, dem., 118,311; Earle, proh., 10,097; Marka, labor, 848.

This makes Ames plurality 17,611 against 2,472 last year. This is a clear realerity of 6,554 against.

Division has carried by a good majority, the principal opposition coming from North Dakota. In South Dakota the vote in favor of division was very large. Local option seems to have gained the day in most of the counties.
